RECOMMENDATION:

Staff recommends that the City Council adopt Resolution No. 14-__, regarding the cost recovery amount for excessive use of resources by lodging establishments.

BACKGROUND:

On January 7, 2014, the City Council held the second reading of the Excessive Use of Resources, Ordinance 14-01. Ordinance 14-01 requires that the City Council adopt a resolution determining the invoice period and cost recovery amount for lodging establishments that exceed their allotted call for service threshold for nuisance activity, as defined by Section 14-81(r) of the Costa Mesa Municipal Code.

ANALYSIS:

The proposed resolution will set the City's invoice period and cost recovery amount for lodging establishments that exceed their allotted call for service threshold for nuisance activity. The proposed resolution sets a quarterly invoice period. Determination of the cost recovery amount can be found in Attachment 2. The proposed resolution sets the cost recovery amount to be \$360 for each call for service for nuisance activity in excess of the lodging establishment's allotted threshold, which is set by Section 14-81(x) of the Costa Mesa Municipal Code.

ALTERNATIVES CONSIDERED:

The City Council can choose not to approve the attached proposed resolution.

FISCAL REVIEW:

Revenue generated from excessive calls for service for nuisance activity will help cover the general fund costs related to monitoring the code violations. The amount of revenue will depend on the number and duration of the violations.

LEGAL REVIEW:

The City Attorney has reviewed this report and its attachments.

CONCLUSION:

Adoption of the proposed resolution would provide an invoice period and cost recovery amount for calls for service for nuisance activity above the allotted threshold for each lodging establishment.
