

KATRINA FOLEY

AGE: 53

Mayor/Attorney/Businesswoman

Costa Mesa faced unprecedented challenges this year. We endured a health crisis causing an economic downturn. To overcome these challenges, our council, staff and community united. Together we:

Fed needy families.

Assisted seniors.

Froze evictions.

Offered rent relief.

Issued small business grants.

Quickly moved businesses outdoors.

Educated the public through weekly Mayor's Town Halls.

Before COVID, we protected and enhanced Costa Mesa by:

Restoring and protecting public safety services (911, fire and police).

Improving neighborhoods.

Hiring a highly-skilled management team with experience in finance, crisis response, and homelessness.

Defending and enforcing our rules on rehab homes.

Reducing homelessness through our shelter and housing team.

Initiating city zoning laws restricting overdevelopment, congestion and traffic.

Developing plans for affordable housing for seniors and our kids.

Implementing non-toxic maintenance policies and environmental reforms.

Building a library, fire station, community center and trails.

Protecting Fairview Park.

Promoting economic growth and tourism.

Right now, we need a Mayor with proven leadership. I ask for your vote to continue my service to the community I love and call home.

I'm a Costa Mesa attorney and business owner. My husband Casey (Estancia '86), a teacher, and I raised our family here. Please visit katrinafoley.com or follow @MayorFoley on social media.
