

LOREN GAMEROS**AGE: 49****Project Coordinator/Parent**

In the first year that District 2 elects its Councilmember, our neighborhoods deserve boots-on-the-ground representation standing up for every resident no matter your background. District 2 needs a strong, authentic voice standing up for local residents and working families on our City Council during these challenging times.

I am a Husband, Father, Inspection Coordinator for the Operating Engineers Training Trust Local 12, and a 40-year resident of Costa Mesa. Raising my family in the City I love, I know how important it is to maintain a thriving local community for our kids and future generations.

I'll put my decades of experience on major infrastructure projects to work helping secure an economic comeback for local businesses, investing in infrastructure and promoting projects that bring good-paying jobs to Costa Mesa. I am eager to collaborate and hear your input so all residents benefit from our economic recovery.

My campaign is endorsed by Assemblywoman Cottie Petrie-Norris, Mayor Katrina Foley, Mayor Pro-Tem John Stephens, Councilman Manuel Chavez, Councilwoman Andrea Marr, Councilwoman Arlis Reynolds, Planning Commissioner Mark Perkins, Planning Commissioner Vice Chair Jeff Harlan, and the working families in labor including Newport-Mesa Federation of Teachers, Operating Engineers Local 12, Ironworkers Local 433 and 416, Laborers Local 652, and the OC Employees Association.
